WHAT THE EUROMAIDAN IS ALL ABOUT

From one of the best news report articles ever written about EuroMaidan!

No amount of live video feeds or news stories can convey the essence of EuroMaidanIn a way, this is a war. It is a war for a new civilization in Ukraine. Based on values such as solidarity, dignity, respect for an individual and clear and equal rules of the game for all. This is no longer about Europe or integration – it's about who we are and where we want to go. This is about a nation being born. Mutilated by years of misrule, impoverished by looting, it emerges slowly from the ruin. This process is massive and we don't know how well this birth is going to go. But it's happening now and here, in Kyiv, and it's both painful and awesome. The only place to truly feel the pain and grandeur of this national awakening is to stand there right on Maidan.
